

THE DOCTOR PROPOSED LAWS

SENT MR. HAYLAND TO COLORADO FOR HIS HEALTH.

Says His Life Was Saved by Vinol.

People of Pendleton will be interested in the recovery of Mr. Hayland, as so many of our friends are continually being sent to one health resort or another as the only means of recovery.

In writing of his cure from Denver, Col., Mr. Hayland says: "I believe that Vinol, the new cod liver oil preparation, has saved my life, and I wish to mention my case, as it may be of value to others similarly affected."

"I was sent to Colorado with what my doctor said would develop into tuberculosis, and was so weak I was unable to work at my profession. Since taking Vinol my appetite has returned, I sleep well, feel very much stronger and am sure I shall soon be restored to perfect health. I cannot recommend Vinol too strongly, as it has done so much for me when all other medicines had failed."

Our well known druggist, Mr. Brock of the Brock & McComas Co., says: "The reason Vinol accomplishes such

CURTIS HAYLAND.

remarkable results when all other tonics and emulsions of cod liver oil fail is because it contains in a concentrated form all of the healing, curative elements of cod liver oil, actually taken from fresh cods' livers, but without oil or grease, and it does not upset the weakest stomach."

The Brock & McComas Co. also freely offers to return money paid them for Vinol in every case where it fails to cure chronic coughs, colds, bronchial troubles, incipient consumption, to make rich, red blood, increase the appetite, cure stomach troubles, give strength and renewed vitality to the aged, build up the run down, tired and debilitated, and make the weak strong.

Surely any person in Pendleton who is in need of such a remedy should try Vinol, as it is a simple preparation with remarkable curative powers and won't cost you a cent if it does you no good. Brock & McComas Co., druggists.

TAXPAYERS' LEAGUE OF PORTLAND, GETS BUSY.

Bill to Increase Marriage License Fees From \$3 to \$5—Sheriffs Will Be Required to Take the Address of Every Taxpayer When Taxes Are Collected—Office of State Accountant to Be Created.

The Taxpayers' League of Portland, has proposed the following law to be presented to the coming session of the legislature:

A tax on gross earnings of express, telegraph and sleeping car companies, or on the real value of their property and franchises.

Creation of the office of state examiner of accounts.

Increase of terms of court in Multnomah county from five to 10.

Increase of the fee for marriage licenses from \$3 to \$5.

A requirement that sheriffs shall take the address of each taxpayer when he collects taxes.

Amendment of the Portland charter so as to lessen cost of advertising special assessments and so as to provide a district plan of street improvement by which a number of streets may be improved at one time, says a Portland paper.

The report goes to considerable length to argue for increased taxation of express, telegraph and sleeping car companies.

"Through the development of business," says the report, "there has been created of late years types of business and creation of values that are not reached under the present system of assessment and taxation and yet represent millions of capital."

While doing business justifying a capital of many thousands of dollars, an express company, for example, might have but a few horses, wagons and some office furniture as its tangible property, while its stock might be worth more than par. In this state shares of stock in corporations, other than banks, are not assessed, but the tangible property is assessed direct to the corporation. Telegraph companies are assessed on their wire mileage, the number of their poles, instruments, etc. On its face the absurdity of this method is apparent and its inequality evident."

The duty of the state examiner of accounts would be to establish a uniform system of accounts for all counties; to examine into the accounts of all officials and into state institutions; to ascertain the standing of all bondsmen of state and county officials, and to verify the character and amount of all assets and securities held by public officers for public account.

"LEWIS DAY" FOR THE FAIR.

Famous Family Will Meet at Portland, August 12, 1905.

On August 12, 1905, the Lewises will come to town; that date will be Lewis day at the 1905 fair, and it is expected that hundreds of people bearing that name will come from all sections of the United States to make merry, says the Oregon Daily Journal.

Last night a number of the local Lewises met at the city hall and formed a temporary organization. There is a national organization of this family, called the Loyal Lewis Legion. The Portland members of the family may join this legion, but this matter will not be discussed until a permanent organization is made here at home.

At the meeting which was held in the office of County Treasurer John M. Lewis, a committee was appointed with power to effect a permanent organization. J. M. Lewis, A. T. Lewis, Rec. C. A. Lewis, Miss Abby A. Lewis and Professor H. H. Herdman of the Portland academy, a descendant of Captain Meriwether Lewis, compose the committee on organization. John M. Lewis was elected temporary president, and Charles A. Lewis temporary secretary. The next meeting will be held at the city hall on Friday evening, November 25; all the Lewises residing in Portland and vicinity are invited to be present.

The following were present last evening: County Treasurer John M. Lewis, Rev. Cyrus A. Lewis, Miss Abby A. Lewis, H. S. Lewis, Attorney Andrew T. Lewis, Viola Lewis Hayes, J. D. Hayes, Mrs. Ella M. Lewis, Professor H. H. Herdman and Charles A. Lewis.

Central Missouri Teachers.

Jefferson City, Mo., Nov. 23.—The Central Missouri Teachers' association meets here tomorrow and elaborate plans have been made for the reception and entertainment of the delegates. Visitors will be present from all of the forty-odd counties embraced in the territory covered by the association. The program arranged for the meeting covers three days and is replete with interesting features, including addresses by a number of educators of note in addition to the usual number of papers and discussions on educational topics.

A recently contrived lifeboat with a crew of four men, has crossed the Atlantic and arrived at St. John's, N. F. It was a "trial trip" in every sense, as the boat was fired on once

by a Norwegian whaler, in mistake for a whale, was nearly crushed by an ice-floe, was run down by a liner and nearly sunk, and was dismasted by a hurricane.
